About the Event

This is the fourth course offered in Dubai by E.S.A.G., the European Society of Aesthetic Gynecology, in conjunction with IMA, Institute of Medical Aesthetics, featuring an acclaimed expert in the field of vaginal rejuvenation, Dr. Alexandros Bader.

The course aims to provide a thorough practical training in the field of Vaginal Rejuvenation, enabling you to apply international best practices and provide effective treatment to your patients.

The duration of the course is 3 working days, which includes both theory and practical training on live cases. Course attendees will be able to closely watch all surgeries demonstrated, and learn tips and tricks of vaginal surgery required to achieve great results. Participants will have the chance to experience all types of devices and lasers that are used in this field, as well as supplementary tools which are useful and often required in specific cases (special retractors, clamps etc).

During the course progression, attendees will be attending more than 20 live surgical and non-surgical cases, regarding the entire spectrum of Aesthetic & Cosmetic Gynecology procedures, and eventually enable themselves to directly start performing associated procedures in their practices.

The course concludes with a certificate award by The European Society of Aesthetic Gynecology (E.S.A.G.), accrediting attendees on course topics covered.

Include yourself in the World's Elite
Cosmetic Gynecology and
C.V.S Surgeons
